

Lithium Batteries Section II Shippers Declaration

For consignments containing Lithium Ion/Metal batteries contained in or packed with equipment

Air Waybill Number:

HAWB Number:

Origin:

Shipper:

Destination:

- 1. I CERTIFY** that this consignment does not contain the following forbidden items:
- Recalled, damaged or defective cells and battery packs;
 - Shipments containing only cells or battery packs;
 - Used or refurbished electronics containing lithium ion/metal batteries packaged in an overpack.

NOTE: All shipments containing Section II lithium ion, or lithium metal batteries of any quantity or size, will require this declaration to be completed and submitted upon tender.

Approved GPS and Temperature Trackers do not require this declaration.

2. This shipment contains lithium **CELLS** or **BATTERY PACKS** in the following configuration (check all applicable boxes).

PI966 Lithium ION Batteries Packed with Equipment UN 3481 Section II

Cells or battery packs contained in a package may or may not be installed in the equipment. The maximum number of cells or battery packs allowed in each package is the minimum number to power the device, plus two spare sets. **Select applicable:**

- Cells:** Not more than 20 watt hours (wh) per cell
 Battery Packs: Not more than 100 watt hours (wh) per pack

PI967 Lithium ION Batteries Contained in Equipment UN 3481 Section II

Only cells or battery packs installed in equipment that are required to power the device are permitted. **Select applicable:**

- Cells:** Not more than 20 watt hours (wh) per cell
 Battery Packs: Not more than 100 watt hours (wh) per pack

PI969 Lithium METAL Batteries Packed with Equipment UN 3091 Section II

Cells or battery packs contained in a package may or may not be installed in the equipment. The maximum number of cells or battery packs allowed in each package is the minimum number to power the device, plus two spare sets. **Select applicable:**

- Cells:** Each cell does not contain more than 1 g of lithium metal
 Battery Packs: Each pack does not contain more than 2 g of lithium metal

PI970 Lithium METAL Batteries Contained in Equipment UN 3091 Section II

Only cells or battery packs installed in equipment that are required to power the device are permitted. **Select applicable:**

- Cells:** Not more than 1 g of lithium metal per cell
 Battery Packs: Not more than 2 g of lithium metal per pack

3. ON THE AIR WAYBILL INDICATE THE FOLLOWING:

A) The Air Waybill statement, **B)** The number of packages marked with the lithium battery mark.

4. I UNDERSTAND THAT EACH INDIVIDUAL PACKAGE (whether or not it's contained within an overpack):

- MUST NOT contain more than 5 kg of lithium cells or battery packs.
- Must be properly identified with a lithium battery mark.

I declare that the contents of this consignment have been properly prepared, and are packaged, marked, and labeled correctly, and are in all respects in proper condition for transport. All regulatory requirements have been met.
